

JUST FOR KIDS

"Our children had a blast running around the grounds and finding new paths to explore."

— ANDREW

A SENSE OF WONDER

We love having children at Gibb's Farm and there are so many activities that they may participate in. Aside from all of the regular farm inclusive activities that are great for families. Here are a few activities that are specifically for children under the age of 12yrs.

NOCTURNAL ANIMAL SPOTTING

Why not take the kids for an early dinner and then hand them over to one of our Naturalists so Parents may enjoy a date night. Our Naturalist will take the kids on a guided walk, within the confines of our main property, with nocturnal red light head lamps to search for Bush babies, bats, frogs, fireflies, civets, and other small creatures that come out at night. Book in advance with our reception.

KIDS COOKING CLASS

The children are first taken on a guided tour of the farm to select some ingredients including fresh eggs from the chickens. Then back to the main farmhouse where they will assist one of our Chefs to make their own pasta or pizza with farm vegetables which may be served lunch or dinner. This needs to be booked a day in advance please.

ART CLASSES

Join our resident artist and paint your own canvas! Please book in advance so that we can have the canvas prepared.

YOGA FOR KIDS

One of our Yoga instructors will lead the children through a fun 30-minute Yoga class special designed for kids! Please book in advance. Subject to availability.

PLAY TENT

We have some Native American Indian inspired tents which are used by adults for meditation but may be booked for children to use as a play tent. These freestanding tents have a mat for the ground, offer shade on sunny days and allow kids to play imaginary games in comfort.

STORY TIME

History was shared verbally from generation to generation, not written in books. Our Naturalist guides are happy to engage with your children for story time. A rug and cushions are placed in a quiet shady spot in the garden and one of our team will tell stories. Please book in advance.
